Letter grades indicate the quality and effort students demonstrate in a course

- A – indicates consistent quality work and excellent effort
- B – indicates good quality work and good effort
- C – indicates inconsistent work and inconsistent effort

Students must earn a “C” to pass the course.

Participation: Participation is required in all of the classes by participating in the online discussions. Each discussion is factored into your final grade.

Extra credit: Extra credit is determined on a case by case basis. If you are within 15 points of moving up a letter grade your teacher can allow you to have an extra credit assignment. However if 15 points won't make a difference in your overall grade extra credit is not offered.
